

Condition-specificity

Crohn's disease  
Hashimoto's thyroiditis  
age-related macular degeneration  
ankylosing spondylitis  
asthma  
atopic eczema  
autoimmune disease  
celiac disease  
chronic kidney disease  
coronary artery disease  
inflammatory bowel disease  
multiple sclerosis  
psoriasis  
rheumatoid arthritis  
systemic lupus erythematosus  
type 1 diabetes mellitus  
ulcerative colitis
